# HOW TO MEASURE SOIL HEALTH

## 4 PER 1000 PRESENTS SOIL CARBON SCIENCE WEBINAR SERIES #5:

In this webinar, we delve into effective methods for evaluating soil health, a cornerstone of sustainable agriculture and environmental conservation. Our session will present the latest scientific findings and essential knowledge for identifying crucial soil health indicators. We will be joined by two distinguished scientists in this field, Dr. Cristine Morgan and Dr. Iêda de Carvalho Mendes, who will both share their insights.
