AGRICULTURAL RESEARCH
FOR DEVELOPMENT

Working
together
for
tomorrow's
agriculture

CIRAD is the French agricultural research and international cooperation organization working for the sustainable development of tropical and Mediterranean regions.

In the French overseas regions, laboratories, collections, technical platforms and experimental facilities that are unrivalled worldwide

In Paris, our head office

In Montpellier, a research, reception and training centre, at the heart of an international scientific hub

In our partner countries in the South, men and women from CIRAD working with research and development players

Biodiversity Tropical value chains
Sustainable territories **Food systems**
Plant, animal and ecosystem health
Impact Partnerships
Climate change Innovation Training
Agroecological transitions
