The 7th "4 per 1000" Day will take place on December 6th at the Dusit Thani Hotel in Dubai during the UNFCCC COP28. On this occasion, the partners, members and friends of the international "4 per 1000" Initiative will come together to review the achievements of the initiative over the past year and decide on the key actions for the coming year. This year's program will have a special focus on the latest developments in soil carbon MRV, regional priorities and the role of soils in resilience and climate. For more information, visit the event's website at <https://wiki.afriis.org/display/4D23>.
