--	---

## Summary

I am an agroecologist with extensive experience in climate change mitigation research, policy implementation and mobilization of research funds. I investigate the effective application of science in attaining food security, farmer welfare and climate change mitigation goals. Over the past two decades, I have accumulated strategic leadership experience advising policymakers and funding organizations on environmental research priorities. To further enhance my knowledge and skills, I enrolled for a Global Online MBA with Warwick Business School in the UK.

## 1.GENERAL INFORMATION

### 1.1. Positions Held

- |                      |  |
|----------------------|--|
| April 2020 – to date | Assistant Professor in Sustainable Tropical Agriculture at Mohammed VI polytechnic university in Morocco.                                    |
| Jan 2014- March 2020 | Research Scientist and leader of the GHG Laboratory at the International Centre for Tropical Agriculture (CIAT-Colombia).                    |
| Jun. 2012–Jan. 2014  | Coordinator of the Climate Food and Farming PhD student network within the CGIAR Research Program on Climate, Agriculture and Food Security. |
| Dec. 2010–Dec. 2013  | Post-doctoral fellow at Aarhus University in Denmark, working on spatial and temporal carbon dynamics in cultivated landscapes.              |
| May 2010–Dec. 2010   | Research Assistant at Aarhus University in Denmark, working on root C inputs in organic and inorganic fertilizer-based cropping systems.     |

Feb. 2009–May 2009	Visiting Scholar at the Institute for Meteorology and Climate Research, Atmospheric Environmental Research in Germany, working on modelling GHG emissions from cropping systems using the biogeochemical model - MOBILE-DNDC.
Jun 2007–May 2010	PhD fellow at the University of Copenhagen in Denmark, working on understanding the influence of cropping systems on GHG emissions.
Aug. 2005–Jun. 2007	Lecturer at Great Zimbabwe University in the subject area of Rural Development, Faculty of Social Science. Supervising research projects for undergraduate students.
Jan. 2004–Jun. 2007	Part-time Tutor at the Zimbabwe Open University, Faculty of Agriculture. Supervising research projects for undergraduate students.
Aug. 2005–Jun. 2007	Lecturer at Great Zimbabwe University in the subject area of Rural Development, Faculty of Social Science.
Jan. 2004–Jun. 2007	Part-time Tutor at the Zimbabwe Open University, Faculty of Agriculture.
Jan. 2003–Aug. 2005	Ecologist in the Department of Natural Resources within the Ministry of Environment and Tourism in Zimbabwe.
Dec. 2000–May 2004	MPhil student at the University of Zimbabwe.

## 1.2. Other Positions and Affiliations

February 2023 – to date	Technical Working Group (TWG) of the Climate Bonds, Agri-food Criteria, focusing on [Crop and Livestock] sectors
January 2023 – to date	Climate Change Mitigation Panel Member for the Scientific and Technical Advisory Panel (STAP) of the Global Environment Facility (GEF).
November 2020 – to date	Coordinating Lead Author: Africa Integrated Assessment of Air Pollution and Climate Change Report
February 2019 – to date	Co-lead of the Global Research Alliance's Inventories and Nationally Determined Contributions (NDC) Support Network
October 2018 – 2019	Member of the Agriculture Technical Working Group: Climate Bonds Initiatives

May 2018	Member of the Scientific Committee of the International Conference on Agricultural GHG Emissions and Food Security-Connecting research to policy and practice. <i>Chaired thematic working group 8: Knowledge and research gaps - Where do we need to develop transnational research?</i>
Feb 2017 - to date	Lead Author for chapters 2, 5, 6 and 11 of the 2019 Refinement to the IPCC's 2006 guidelines for national greenhouse gas inventory methodologies in Volume 4 (Agriculture, Forestry, and Other Land Use sector)

### 1.3. Education

2024-to date	Global MBA student Warwick Business School (United Kingdom).
2007-2010	PhD in Agriculture (Agroecology), University of Copenhagen (Denmark).
2000-2004	MPhil in Agriculture (Soil Science), University of Zimbabwe (Zimbabwe).
1997-2000	BSc in Agriculture (Soil Science), University of Zimbabwe (Zimbabwe).

## 2. EDITORIAL ACTIVITIES

Editorial Board member for the following journals:

- Nature Scientific Reports
- Frontiers in Sustainable Food Systems
- SOIL journal

## 3. AWARDS & HONORS

- Full Scholarship for my PhD studies
- Full Rockefeller Scholarship with full funding of my MPhil Studies
- Full Government Scholarship for my BSc studies
- EU COST-729; Grant (€5,000) for Short-term Scientific visit to the Institute for Meteorology and Climate Research, Atmospheric Environmental Research in Germany

The World Bank	BioCarbon Fund Orinoquia – scoping study	USD 200,000	USD 10,000	Investigator	Different government departments in Colombia
USAID	Validation of RUMINANT model to support Colombian INDCs	USD 200,000	USD100,000	Co-Principal Investigator	CIAT, UNAL-Medellin
CCAFS CGIAR Research Programme	LivestockPlus (Phase I)	USD3,760,000	USD210,000	Co-Principal Investigator	CIAT, ICRAF, CATIE
Livestock and Fish CGIAR Research Programme	GASMET system	USD100,000	USD50,000	Co-Principal Investigator	CIAT

Clean Climate and Air Coalition	Mitigation of Methane Emissions from Flooded Rice Fields in Colombia	USD343,200	USD343,200	Principal Investigator	CIAT, Fedearroz
DANIDA	Technological and market options for managing climate change-induced risks for smallholder farmers in Northern Ghana	5,023,329 DKK	180,000DKK	Investigator	Aarhus University, Technical University of Denmark, Denmark University of Copenhagen, Institute of Economics Affairs- Ghana
Aarhus University	Bridge Post-doc: Crop root C inputs	USD 36,000	USD36,000	Principal Investigator	Aarhus University

## 8. SERVICE

### 8.1. Expert Panels, Committees, Boards (in chronological order)

- Panel member, Expert panel on livestock methane, **2023 to date**.
- Panel member, Scientific and Technical Advisory Panel of the Global Environment Facility (GEF), **2022 to date**.

### 8.2. Conferences (in chronological order)

- Co-Chair The 9th International Symposium on Soil Organic Matter, **26-31 May 2024**

### 8.4. Faculty Level

- Committee member/ College Research Committee, **2023- to date**.
- Committee member/College Seminar organization Committee, **2023- to date**.

### 8.5. Peer Review

- Plant and Science
- Global Change Biology
- Frontiers in Sustainable Food Systems
- NJAS: Impact in Agricultural and Life Sciences
- Philosophical Transactions B
- Geoderma

## 9. TEACHING ACTIVITIES

Semester & Year	Course #, Credit Hours & Type	Title of Course	Number of Students	Students' Classification

				(undergrad or graduate)
Semester 1, year 1	Masters in Agribusiness innovation: Sustainable Water, Soil and Forest Management, 8 hours	Soil Management	19	Graduate
Semester 1, year 1	Carbon Cycling and Climate Change (MSc)	Soil N <sub>2</sub> O measurements	15	Graduate
Semester 1, year 1	Agriculture in a Global Context (BSc)	(1) Global crop production and (2) Agricultural production in Africa.	20	Undergraduate
Semester 1,2,3 and 4, year 1 and 2	Rural Development	(1) Land Resource Conservation; (2) Rural Energy Technologies (3) Water Resource Management (4) Rural Resettlement and Agrarian Reform (5) Migration and Development	80	Undergraduate
Semester 1,2,3 and 4, year 1 and 2	Agricultural Science	Introduction to Soil Science, (2) Applied Soil Science, (3) Introduction to Horticulture, (4) Natural Resource Conservation and Management, (5) Ecology and Wildlife Management	50	Undergraduate (Distant learning)

## 10. HIGHLY QUALIFIED PERSONNEL (HQP)

List of current and past group members (add/remove line as needed)

	Name	Project/Thesis Title	Period	Current Position
	<b>Ph.D. Students</b>			
1.	Sandra Durango	Efecto de diferentes asocios forrajeros sobre la excrecion de nitrogeno en ganado bovino y su contribucion a las emisiones de oxido nitroso y metano provenientes de parches de orina y estiercol en el tropico colombiano	2016 - 2021	(Graduated) Postdoc fellow in the CGIAR
2.	Ricardo González-Quintero	Use of Life Cycle Assessment (LCA) methodology to estimate the environmental impacts and the feasibility of scaling up low carbon emission practices in cattle systems in Colombia	2016 - 2020	(Graduated) Postdoc fellow in the CGIAR
3.	Xiomara Gaviria	Emisiones de metano y su relacion con la calidad nutricional y el consumo voluntario de	2016 - 2021	(Graduated) Postdoc fellow at the National University of Colombia

		dietas basadas en forrajes tropicales		
4.	Mohamed Boullouz	Quantifying greenhouse gas emissions from fertilizer-based crop production systems	2022 -	On-going
5.	Nabil EL KHATRI	Quantifying carbon sequestration at rehabilitated old mining sites in Morocco	2022 -	On-going
6.	FatimaEzzahra JABBOUR	Tillage and fertilizer effects on soil quality, carbon dynamics and N2O emissions in cereal fields	2022 -	On-going
7.	Kassim, Yussif Baba	Effects of fertilization on productivity and nutritional quality of crops in Northern Ghana	2019 -	On-going
8.	Aziza TANGI	Improving opportunities for women in smallholder olive value chains in Morocco	2022 -	On-going
9.	Sandra Makaita Madamombe	Climate smart agriculture options for improved livelihoods and sustainable agriculture on coarse textured soils in semi-arid areas of Zimbabwe	2018 -	On-going
10.	Intissare MOUAMINE	Carbon Dynamic and Soil Health Attributes Profiling in Moroccan Olive Systems	2023-	On-going
11.	IMANE HROUR	Soil quality, carbon dynamics and N2O emissions from cereal-legume cropping systems	2022 -	On-going
<b>M.Sc. Students</b>				
12.	Laura Arenas	Diseño de cámara estática cerrada y medición de flujos de gases de efecto invernadero (GEI) en suelos	2015-2016	(Graduated) Now Postdoc Associate with Cornell University
<b>Visiting Scholars, Scientists, Students</b>				
13.	Svenja Doreen Roncossek (MSc)	Soil carbon dynamics in arable landscapes	2011-2013	Unknown
14.	William K. Heve (PhD)	Targeted management of organic resources for sustainably increasing soil organic carbon: Observations and perspectives for resource use and climate adaptations in northern Ghana	2011-2012	Lecturer University of Environment and Sustainable Development
15.	Banira Lombardi (PhD)	Greenhouse gas emissions from cattle dung depositions in two Urochloa forage fields with contrasting biological nitrification inhibition (BNI) capacity	2018	Postdoc fellow AgResearch New Zealand
16.	Paul Soremi (PhD)	Potential of rice ( <i>Oryza sativa</i> L.) cultivars to mitigate methane emissions from irrigated systems in Latin America and the Caribbean	2019	Lecturer at Federal University of Agriculture, Abeokuta, Ogun State, Nigeria
17.	Samuel W. Anuga	Just how smart are the climate smart villages?	2018	Research Associate at Global Research Alliance
18.	Abubakar Halilu Girei	Evaluating greenhouse gas mitigation through alternate	2018	Unknown

		wetting and drying irrigation in Colombian rice production		
	<b>Technical staff (permanent)</b>			
19.	Catalina Trujillo	Greenhouse gas laboratory coordinator	2016-2020	MSc graduate at ICESI University Cali Colombia
20.	Sandra Loaiza	Greenhouse gas field measurements coordinator	2014-2020	PhD student at Javeriana Cali Colombia

## 11. COLLABORATORS (current and past, in chronological order)

### 11.1. Academia

- Libére Nkurunziza (Associate Professor), Department of Crop Production Ecology, Swedish University of Agricultural Sciences (SLU), Sweden.
- Lars Elsgaard (Full Professor), Department of Agroecology - Soil Fertility at Aarhus University, Denmark
- Job Maguta Kihara, (Senior Scientist), Alliance Bioversity-CIAT, Kenya

### 11.2. Industry

- Dr William Salas (Chief strategist), Regrow, USA.
- Alvin Smucker (Founder and President), SWRT Solutions, LLC, USA
- Ahmed El Maaloum (Founder CEO), Beyond Engineering, Water and Environment Engineer, Morocco
- Chrys Pablo, (Agri-Food Program Coordinator), Climate Bonds Initiative, Belgium.

### 11.3. Governments

- In my role at the Scientific and Technical Advisory Panel of the GEF, I advise on project submitted by governments from GEF-funding recipient countries (<https://www.thegef.org/projects-operations/recipient-countries>).
- As co-lead of the Global Research Alliance's Inventories and Nationally Determined Contributions (NDC) Support Network, I provide support to GRA member states (<https://globalresearchalliance.org/updates-tags-key/member-countries/>) on their Greenhouse gas inventories.
- I was coordinating lead author of a document that was commissioned by the African Union to inform Greenhouse gas and pollution mitigation actions across Africa (<https://www.ccacoalition.org/resources/full-report-integrated-assessment-air-pollution-and-climate-change-sustainable-development-africa>).
- I was lead author for the IPCC and the guidelines I co-authored will be used to inform greenhouse gas inventories by all the countries in the world (<https://www.ipcc.ch/report/2019-refinement-to-the-2006-ipcc-guidelines-for-national-greenhouse-gas-inventories/>).
