

eRAILS2 - Information Exchange Service - Farm Interview Form FOLLOW THE GUIDELINES AND INSTRUCTIONS CAREFULLY!

EXPLAIN THE PROJECT TO THE FARMER. HIS REQUEST WILL CONTRIBUTE TO COMMUNITY KNOWLEDGE BASE

AND IN PARTICULAR TO THE ESTABLISHMENT OF THE LOCAL AGRICULTURAL ARCHIVE

GOOD IMAGES ARE EXTREMELY IMPORTANT. You must take one of the FARMER, one showing the ENVIRONMENT and SEVERAL of the PROBLEM as indicated in the section 3.

#### THE GUIDELINES & RULES

1. Quality: You must deliver data and information of high quality. The questionnaire must be fully completed and make sure all details are correct. Be objective! We are interested in facts, even if they seem unpleasant.

2. No repetitive questions: You should take care that each interview deals with a new issue. Ask the farmer to highlight another problem if he raises a problem that was the subject of previous interview.

3. Pro poor: Collaborate with poor farmers as much as possible.

4. Gender balance: 50% of the interviews must be carried out with female farmers and 50% with male farmers.

5. Individual interviews: Farm interviews should be carried out with individual farmers and not with groups!!!

6. Good coverage: You must cover the whole region in which the farmers' organisation operates and must chose farmers form different villages.

7. Field visit: Do not stay in the compound. To verify the accuracy of the information provided by the farmers, you must visit his fields. The exact determination of the field size is very important in data analysis.

8. GPS: Make sure the GPS is working properly before taking pictures. Wait until the GPS sign stops blinking.

9. Image quality: Check the quality and sharpness of the images that you have taken.

10. Duration: We assume that an interview will take 2 to 3 hours.

11. Backup: Keep all questionnaires in a safe place and save all	original images in full size. We might need them later.
INSTRUCTIONS FOR FILLING THE FORM Questions in bold and italic are mandatory. Other questions are mandatory in some cases. (S1) Single Select: Check one option only with X (MS) Multiple Select: you may check several options with X (F) Figure: Provide a figure (e.g. 4200 or 0.5) (T) Text: Write a text (D) Date dd-mm-yyyy (GPS) GPW coordinates: as indicated on the digital camera	<ul> <li>(ID) Object ID: Select the ID from the list of objects at the bottom of this form. Write the name of the object (crop, animal or product) if it is not listed.</li> <li>(%) Percent: Percent figure to indicate the share / portion</li> <li>(R1-5, 7, 8 or 9) Ranking according to importance: Verify which option is the most important. Write 1 for the most important option, 2 for the second, 3 for third and so on until you have completed all fields. If an option is of no importance you must put a n. Example: For question 74 (R1-7) you will end up with a code like <i>n1nn3n2</i> if farming is the most, other is the 2<sup>nd</sup> most and trade the 3rd most important source of income and all the others are not important. Section 5 must be completed only if the farmer has participated in the past.</li> </ul>

# Section 1: BASIC INFORMATION

01 Date of the interview(D)		02 N	ame of Field Age	ent (T)			
03 Name of Country (T)		04 N	ame of the villag	e (T)			
05 Latitude (GPS)	Deg	min		sec	N	or S	
06 Longitude (GPS)	Deg	min		sec	E	or W	

# Section 2: FARM DATA

07 Farmer's name (T)				08 F	armer's mobile number (T)								
09 Farmer's age (F)				10 Is	s the farmer literate? (S1)	yes		no					
11 Farmer's gender (S1) female	m	ale		12 H	low many people does he hav	ve to feed? (.	<b>F</b> )						
		Land	l, land	use and land tenure									
13 Area unit used in this form (S1)	ha		acre	14 Total area cultivated (F)									
14a Total area of pasture (F)					14b Total area under fallow	w (F)							
15 How much of his land does he own? (F)					16 How much land does he	oney? (F)							
16a How much land do you borrow for free?	( <b>F</b> )		1	17 Does he hire people for field work? (S1) yes no									

## **CROPPING - What does he grow on his fields at PRESENT?**

eno	11 II (0 - W)	nut uses ne	Si o n on mo	neius ut i i				
Field	1	2	3	4	5	6	7	8
18 Size of the field $(F)$								
19 Number of the main crop (ID)								
20 Planting date (D)								
21 Weeks from planting to harvest (F)								
22 Other crops on the same field (ID)								

## CROPPING - What did he grow on the same fields in the PREVIOUS SEASON?

23 Number of main crop (ID)				
24 Planting date (D)				
25 Harvesting date (D)				

## PRODUCTION - How much did he produce on HIS ENTIRE FARM in the PREVIOUS SEASON?

	Crop 1	Crop 2	Crop 3	Crop 4	Crop 5	Crop 6	Crop 7	Crop 8
26 Crop number (ID)								
27 Production (kg) (F)								
28 Share marketed (%)								
29 Own consumption (%)								

#### ANIMAL PRODUCTION

Anima	l Camel	Chicken	Cows	Donkey	Duck	Goats	Horse	Pigs	Rabbits	Sheep	Turkey
30 Number of animals (F)											
31 Own consumption (F)											
32 Number marketed (F)											
32a Number that died last year (F)											
33 Milk prod. per day (litres) (F)	•	34 Mil	k own co	onsumption	(%)	•	35	Milk m	arketed (%	)	
36 Egg production per day (F)		37 Egg	own co	nsumption (	<b>(F)</b>		38	Eggs m	arketed (F	)	

#### **OTHER ACTIVITIES**

39 Do you engage in other important activities like post harvest processing, craft or trade: (T)

40 In which farm activity would you like to invest to make more money? (T)

## Section 3: DESCRIPTION OF THE PROBLEM - QUESTIONS

41 Give a description of the problem and formulate simple & precise questions that express the problem and to which the answer service should respond. Indicate one problem only! Make sure that the problem was not yet addressed by another farmer in your area! (T)

42 Estimated the annual financial loss caused by the prob	lem in local currency	( <b>F</b> )	
43 Do other farmers have the same problem? (S1)	no	some	many
44 What did you do to solve the problem? Do not forget to	name the products us	ed. (T)	

# Must be completed if the problem is about an ANNUAL CROP

TAKE IMAGES OF: Field, an entire plant, leaves (above and below), particular signs like insects, spots, etc.

45 Affected area (%)					4	6 Est	imate	ed ex	xpected	yiel	ld loss	s (%	)					
47 Origin of planting mater	rial / seed	ds (S1)	own		boug	,ht												
48 Type of planting materia	al (S1)	improved	mproved variety local variety 49 Weeding per season (SS) 1 2 3															
50 How many years has the	e field be	en under cu	ltivation?	(years	s) (S1)	1		2	3		4		5	n	nore	than	5	
51 Inputs used (MS)	N	lone	Ure	a	NPK	2		Cor	npost			Р	esticides			Hert	oicide	
52 In the last 3 years, how	many tin	nes have yo	51 inputs used (MS)     None     Ofea     NYK     Compost     Pesticides     Herbicide       52 In the last 3 years, how many times have you planted this crop on this plot? (S1)     1     2     3     4     more															

## Must be completed if the problem is about a PERENNIAL CROP

TAKE IMAGES OF: Tree or shrub, environment, leaves (above and below), fruits, particular signs like insects, spots, etc.

53 Size of the plantation (F)	1		54 Number of	trees (I	F)			55 P	ercent affected (%	<b>6</b> )		
56 Year of plantation (F)					57 Y

# Section 6: CHECK LIST OF THE DATA ENTRY AGENT

## Q = Question

<b>Z01</b> Check sum: Make sure, that the sum of the figures of corresponding questions is consistent. (S1)	Yes	No	
<i>a.</i> $(Q14+Q14a+Q14b) - (Q15+Q16+Q16a)=0$			ł
<b>b.</b> Sum of figures $Q18 = Q14$			
<i>c</i> . Q29+Q28=Q27			
<i>d.</i> Q34+Q35=Q33			
<i>e</i> . Q37+Q38=Q36			ł
<b>Z02 Image of farmer:</b> Make sure that the image of the farmer is present (S1)	Yes	No	
Z03 Correct rating codes: All codes of question 62, 68, 74, 75 and 93 correct and complete. (S1)	Yes	No	
<b>Z04</b> <i>Total farm production:</i> Correct production The figures in question 27 indicates the total production of that crop on the entire farm of the previous season. (S1)	Yes	No	
Z05 Cells empty for no data: All cells for which NO data was gathered should be empty. (S1)	Yes	No	
<b>Z06 Zero</b> '0' if observed value is zero: Make sure to put a zero'0' if the observed value was zero. (S1)	Yes	No	
Example 1: If the farmer produces 10 litres of milk and markets all 10 litres you must put 0 for question 34. Leave the			
cell empty if he does not produce milk.			
Example 2: If the farmer has no pigs leave the cell empty. If the farmer has 3 pigs (q30) and own consumption (q31) is 3			
then you should put a zero '0' for question 32.			ł
<b>Z07</b> Mandatory questions: All mandatory were all addressed. (S1)	Yes	No	
<b>Z08</b> Good images: The selected images should be clear and different. In total there should be 4 to 5 images. Images were	Yes	No	
only reduced in size and not just part of the original (do not cut a part of the original). (S1)			1
<b>Z09Field visit:</b> The field agent has effectively visited the fields of the farmer during the interview. (S1)	Yes	No	
Z10 Comment of the data entry agent:
