Team

Murielle Trouillet

Location

Paris, France

Summary

As part of the EIT Climate KIC Soil Carbon Farming project*, INRAE and its partners have launched the SCARF (Soil CARbon Farming) network and **organize two webinars open to all public on June 2** during the European Commission's Green Week to share the French experience of carbon certification.

- The morning of June 2 will be devoted to MRV issues, in particular methodologies for certifying soil carbon.
- The afternoon will be devoted to the economic models associated with certification.
