## Contact

## Partnerships

### Clients / Target group

The AgriCircle soil service is offered B2B to companies running a soil carbon initiative or that are looking for best in class services to add value to their products and to create additional customer value and business

### Established collaborations and partnerships

The product has been developed together with the European Space Agency (ESA), ETH Zurich and LUFA Nord-West

### Desired collaborations and partnerships

Seeking for partnerships in the area of soil carbon, soil carbon sequestration and soil management. We deliver our services via API or as a white label in order to improve soil pattern detection and respective field task optimization
