Summary

[European Carbon Farmers](#) is on the mission of putting farmers in the centre of climate change mitigation and adaptation efforts in a profitable way. We do so by promoting carbon farming and developing carbon payments mechanisms for farmers in the EU, starting in Poland.

Our business is rooted in the first-hand agricultural expertise of [Ciasnocha Family Farms](#) and our Founder, [Mateusz Ciasnocha](#), in transitioning our operation from conventional to regenerative in a profitable way while becoming emissions negative farm.
