Biochar

At this point of our platform we would like to collect exciting articles / information. If you have things that you would like to share with the community please use the edit button and simply add it or send an email to julia.klemme@4p1000.org

Also, you can use the comment function below to let us know what you think about the information here.

Brandnew article:

A revised version of the Biochar paper has been uploaded. Please have a look here:

Biochar - a Soil Conditioner to Protect the Climate

Biochar for Carbon Enrichment in Soils and GHG Mitigation

This synthesis paper introduces the importance of soil organic carbon. It presents Biochar as one concrete option for soil organic carbon enhancement, GHG mitigation, and increased agricultural productivity.
