Healthy Soils for a Healthy Planet

Opening Event of this years virtual fair of the International "4 per 1000" Initiative

Today: 30. May 2022

Time: 2 - 3 pm CEST

Via Zoom: <https://us06web.zoom.us/j/84025483150>

Webinar ID: 840 2548 3150

"4 per 1000" is organizing the second fair in the framework of the [European Green Week 2022](#) with the sponsorship of the GIZ project "[Sector Project on Soil Protection, Combating Desertification, Sustainable Land Management](#)", which has taken over the patronage for this year's event.

A fair is a place where the partners and friends of our initiative can see what the others are doing and get in touch with them to exchange ideas, explore opportunities for collaboration and, above all, strengthen team spirit.

Following the success of the first fair in 2021, we decided to make it permanent.
