Team

Caleb Quaid

Location

Tampa | United States of America

Summary

Raymond James Stadium in Tampa, FL (Home of the NFL's Tampa Bay Buccaneers) and Regenerative Shift partnered to plant an 1,100ft living fence of bamboo and native plants to stop curb jumping in the stadium parking lots with a solution that creates more life and sequesters carbon. The Golden Goddess bamboo will draw carbon from the atmosphere and the Shiny Wild Coffee will provide habitat for insects and birds, all while costing less money than an aluminum fence!
