T y p e	Conference
Ti t l e	Evidence Based Knowledge for Sustainable Pathways in the Land Sector- A Focus on Agriculture and Africa
O r g a n i z e r (s)	CIRAD, INRA, IRD, Stockholm + 50
D a t e	May 31, 2022
Ti m e	3pm - 5pm
Ti m e z o n e	(GMT+02:00) CEST
D u r a t i o n	2 hours
E v e n t l o c a t i o n	Zoom (virtual meeting)

C o u n t r y	France, Sweden
D e s c r i p t i o n	Accelerating the environmental dimension of sustainable development necessitates more integrated visions on the ground and at all relevant scales. This Stockholm + 50 associated event aims to precise environmental challenges for the land sector - biodiversity, climate change and land degradation - and food security, nutrition, poverty in an integrated way. It also calls for a knowledge based evaluation of pathways along multiple sustainability criteria to enlighten decisions for transitions in the land sector, in particular in agriculture. Key messages of three policy briefs published by Cirad, Iddri, Inrae and IRD will be presented. How to strengthen knowledge based actionable knowledge and capacity building to tackle those challenges at scale as well as to improve expertise for policymakers will then be discussed in the context of Africa. The event aims to foster collective action and cooperation between stakeholders, policymakers and scientists, in order to improve policy coherence on the land sector and between sectors. It contributes therefore particularly to Leadership Dialogue 3 "Accelerating the implementation of the environmental dimension of Sustainable Development in the context of the Decade of Action".
